

Technical Notification 145

Dated: May 8, 2014

Re: Implementation Date of ISU Communications 1860 (Ice Dancing) and 1861 (Single & Pair Skating)

The implementation date of ISU Communications 1860 (Ice Dancing) and 1861 (Single and Pair Skating) for U.S. Figure Skating competitions will be July 1, 2014.

Competitions commencing prior to July 1, 2014, (regardless of when they conclude) should continue to use ISU Communications 1790 (Single and Pair Skating) and 1677, 1686, 1738, 1739 and 1787 (Ice Dancing).

However, please note that the official IJS calculation programs may not be updated at that time. There may be discrepancies in the scale of values until the software is fully updated by September 1.
