Dear School Principal:

RE: 2014 NATIONAL SOLO DANCE SERIES FINAL COMPETITION COMPETITOR

Figure skating is continuing with the exciting National Solo Dance Competition Series. This year the Broadmoor Skating Club will be hosting the 2014 National Solo Dance Series Final competition in Colorado Springs, Colorado. This national Solo Dance Series Final competition will draw approximately 230 athletes from around the country and take place over the September 17-20, 2014 weekend.

The 2014 Solo Dance Series began in the fall of 2013, with the Series running from January 1 – August 17. The Series included a total of 88 nonqualifying competitions as participating events within the Series. All in all, there were over 500 skaters that took part in the Series and competed at the various participating competitions in an effort to earn points (based upon placement) and qualify for advancement to Colorado Springs and the National Solo Dance Series Final competition.

The purpose of this letter is to foster a good working relationship between your school and the competitor's family. This combined support is essential for the academic and athletic success of the student. Your school can help develop these young athletes by encouraging the classroom teacher(s) to work with the skaters and their families.

It is the responsibility of the skater's parent/guardian to inform you in a timely manner of the need to be excused from school due to changes in the training schedule and competition schedule demands. It is expected that the parent/guardian will work in cooperation with the school to monitor the student's academic progress. Many skaters tend to thrive academically as they do athletically and utilize their time management and goal setting capabilities to routinely juggle their time and make the most of the training and free time.

Please feel free to contact me if you require more information on U.S. Figure Skating.

Your consideration is greatly appreciated!

Sincerely,

A handwritten signature in black ink that reads "Mary-Elizabeth Wightman".
