

EMS – Synchronized Skating Qualifying Registration

Before You Register

Update Your Team Profile

Any information relevant to your team including all skaters that train with your team, any Team Managers, and Coaches, must be listed in your Members Only Team Profile prior to registering for a competition in EMS. Team Service Personnel will be added on the Team Portal at a later time. All skaters should be added as “Members” under Member Type. Skaters added as a “Substitute” will not show up in EMS on your Main Roster and cannot be added to your competition roster in EMS.

Prepare for Payment

All teams must register individually, with their own payment transaction. Payment by credit card is the only form of payment accepted for registration. It is recommended that any personnel registering large numbers of teams contact their credit card company and let them know multiple, similar transactions will be going to the same location to prevent credit card fraud systems from being activated.
