

## Tentative Schedule for Selection of Officials for Qualifying and International Competitions

U.S. Figure Skating receives a lot of questions regarding when availability information will be gathered for qualifying and international competitions each season. In order to give officials a better idea of when to expect to receive an email requesting availability information, the table below has been created.

Availability information is only gathered through online forms, and notification that a form is open is sent to all qualified officials via email. If an availability form is open, the appropriate row(s) in the table below will be highlighted, and a deadline will be included in the final column.

Name of Competition	Month(s) When Competition is Usually Held	Availability Request Form Open Online*	Invitations Sent and/or Lists Posted Online*	Form Open <sup>^</sup>	Deadline
U.S. Collegiate Championships	August	February	April	No	n/a (form not open)
Regional Championships	October	May/June	August	No	n/a (form not open)
Sectional Championships	November	May/June	August	No	n/a (form not open)
U.S. Figure Skating Championships	January	February	June	No	n/a (form not open)
World Junior Team Selection Competition (synchronized)	January	July	October	No	n/a (form not open)
Synchronized Sectional Championships	January/February	May/June	August	No	n/a (form not open)
Adult Sectional Championships	February/March	N/A	Invited by LOCs	N/A	n/a (no form sent)
U.S. Synchronized Championships	February/March	February	June	No	n/a (form not open)
U.S. Adult Championships	April	October	January	No	n/a (form not open)

\*The months during which availability forms are open and invitations are sent (or lists are posted online) are affected by a variety of things and could be delayed, especially if a competition is announced later than expected. If the month listed in the table indicates that a form should be open, but it is not marked as being open, it has been delayed for some reason. Please do NOT contact headquarters in these situations, as that just delays the process of creating the online forms. Please note that international selections lists will not be posted online until the international season has concluded. Those eligible for international assignments will be notified of assignments via email throughout the season.

<sup>^</sup>If a form is marked as open and you have not received an email with the link to the form (and you are qualified to serve in the competition), please contact Juliet Newcomer at [jnewcomer@usfigureskating.org](mailto:jnewcomer@usfigureskating.org) (preferred) or 719.228.3481 to request that the link be sent to you. Please note that some availability forms request availability for more than one competition; i.e. availability for U.S. Championships and U.S. Synchronized Championships are typically requested on the same form.
