

## **Summary of Substantive Corrections Made to the 2018-19 Rulebook since 07/12/18 Posting**

Due to the significant revisions for the Test Refresh Project and the ISU Congress, more errors have been caught since the initial publication than usual. We apologize for the inconvenience. A summary of the substantive corrections can be found below.

### **September 24, 2018**

- **Page 70, Rule JR 7.01**
  - Added levels that were missing from the Adult 21+/50+ bronze, silver and gold free dance tests at the bottom of the chart.
  - Corrected the chart to indicate that bronze dance test judges are qualified to judge adult gold moves in the field tests.
- **Page 116, Rule 1071 (C)(2)**
  - Clarified the time ranges for the interruption deductions for ice dance events to match changes made by the ISU.
- **Pages 165-166, Computer Codes for Tests**
  - Corrected the codes for the Adult 21+ and Adult 50+ tests.
- **Page 167, Rule 5012 (A)**
  - Changed “must have passed the preceding adult moves in the field test” to “must have completed the relevant prerequisites”.
- **Page 176, Rule 6101 (B) and (C)**
  - Removed a definition of a jump sequence that was no longer accurate (B), and corrected the official definition of the jump sequence (C).
- **Page 179, Rule 6232 (A)**
  - Corrected the cross references.
- **Page 198, No Test Singles Well-Balanced Free Skate**
  - Clarified that a waltz jump meets the requirement of an Axel-type jump in a jump sequence at the no test level for singles.
- **Page 211, List of Jumps**
  - Clarified the levels at which the waltz jump counts as a jump element (for tests and well-balanced program events).
- **Page 215, Rule 7103 (B) and (C)**
  - Removed a definition of a jump sequence that was no longer accurate (B), and corrected the official definition of the jump sequence (C).
- **Page 218, Rule 7232**
  - Corrected the cross references.
- **Page 229, Rule 7461**
  - Corrected the step sequence requirements for the pre-juvenile pair test. A step sequence is required in the test in addition to the stroking requirements. (The test requirements are the same as the competition requirements.)
- **Pages 262-263, Rules 8341-8345**
  - Removed the word “optional” before “program duration”. The juvenile, intermediate, novice, junior and senior free dance tests must be skated as programs and must each follow the stated program duration for the applicable level.
- **Page 263, Rule 8351**
  - Corrected the description of how the adult 21+ and adult 50+ pre-bronze partnered free dance tests are marked.
- **Page 267, Rule 8382**
  - Corrected the cross references.
- **Pages 268-269, Solo Free Dance Test Rules**
  - Added standard tests to the judging panel requirements.

- **Page 274, Rule 8432**
  - Corrected the midline step sequence rules for the novice free dance.
- **Pages 308, 309 and 312, Open Juvenile, Pre-Juvenile and Open Collegiate Synchronized Skating**
  - Clarified that the creative element must be an intersection.
- **Page 314, Rule 9511**
  - Corrected the intersection element for the masters synchronized well-balanced free skate to show that additional feature (point of intersection) may be attempted but no level will be awarded.
- **Page 320, Rule 9923 (A)(6)**
  - Clarified the time ranges for the interruption deductions for synchronized skating to match changes made by the ISU.
- **Page Dance-25 (471), European Waltz, and Page Dance-31 (477), American Waltz**
  - Corrected the cross references.
- **Pages Dance-114 and Dance-115 (560-561), Yankee Polka**
  - Shifted the diagrams so the steps at the top are not cut off.

**October 24, 2018**

- **Page 149, Rules 2911 and 2912**
  - Moved the masters division from rule 2912 (warm-up for 6.0 teams) to rule 2911 (warm-up for IJS teams) to correct an oversight.
- **Page 294, Rule 9130 (A)(4)**
  - Updated the definition of a “Jump” as a Free Skating Element in synchronized skating by removing level-specific information that was in conflict with rule changes made this past summer.
