It's approximately 6,137 miles from the Olympic Training Center in Colorado Springs, Colorado, to the Olympic Park in PyeongChang, South Korea. Every 11 times around the ice, you're one mile closer. And with every lap, family members of the 2018 U.S. Olympic Team are one step closer to providing support for their athlete on sport's biggest stage.

Feed the tree. Watch us grow. #SkateTogether
